

FREE@

freedom for Queers

# Host your LGBTQ+ and sex-positive virtual events on freeQ!

At **freeQ**, we believe in everyone having the freedom to express themselves online. We're developing a robust, safer interactive video tech for virtual events, and we do not participate in surveillance capitalism. We believe in liberation and joy, not exploitation and censorship.

## You do you at freeQ!

**freeQ** team members are all LGBTQ+ and offer decades of experience in organizing and hosting events, stage managing, performance, marketing, branding, and, of course, tech development.

## Event types:

Virtual festivals, Pride, shows, parties, cons, workshops, meetings, fundraisers.

# For your virtual events, freeQ can:

Sell your  
tickets

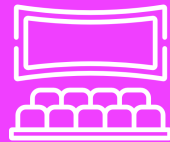

Offer one click log on  
from ticket purchase to  
live event

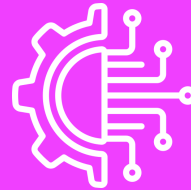

Brand the virtual  
event space with  
your logo or artwork

Book amazing artists  
and performers for  
entertainment

Stage manage  
and host events

Conduct live  
tech support

Host multiple  
concurrent online  
spaces for events

# Is your event multi-day and would you benefit from event marketing and management?

freeQ can:

**01★**

Make web pages for your audiences to navigate a multi-event gathering

**02★**

Create marketing materials for your event

**03★**

Train and empower your team to navigate, manage, and host events

**04★**

Assign online event specialists to help host your events

**05★**

**And further customize the freeQ system with the events tech tools you need!**

## freeQ system safer tech details:

- group and private chat
- lobby feature
- moderator level access: kick out feature, mute individual, mute all, turn off cameras, spotlight feature, share screen
- no artificial intelligence surveillance installed
- no collecting or selling user data
- no downloads

The **freeQ** system has DTLS-SRTP encryption for the audio and video streams. The freeQ uses TLS for the browser communication parts, secured by an CA signed letsencrypt cert that gets renewed every 90 days. freeQ's LDAP server is accessible only on a private network.

**freeQ is a tech company that operates on a partnership model, not a data collecting and selling model.**

**freeQ** grows through partnerships and through trust.

We create fabulous virtual events with you; and, then audiences return for additional **freeQ** offerings and to host their own events.

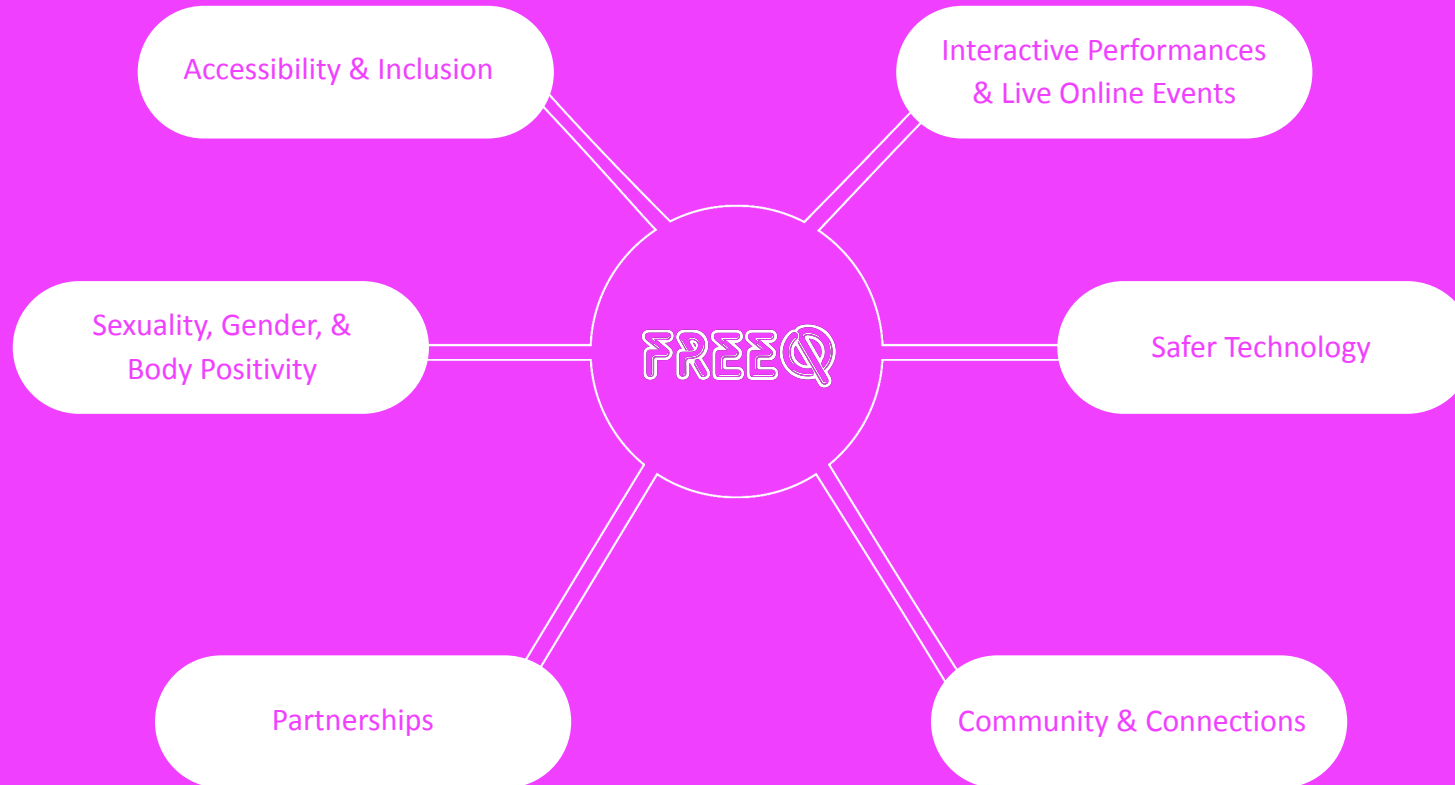

**It's that simple.**

# freeQ ecosystem

# Get to know freeQ!

- Every Wednesday co-founder Sarah Massey hosts a FREE **freeQ** show. Come through, meet Massey, see the tech in a low stakes hang out. [www.freeQ.love/events](http://www.freeQ.love/events)
- Every Saturday night, Mx. Dream Beautiful hosts our fabulously liberating nightclub, the Queer Dance Naked Party. As a prospective partner, you can access free passes. This party is especially important to attend when planning sex-positive events, so you can see how **freeQ** communicates safety, consent, and holds boundaries.  
Request passes via email: [sarah@freeq.love](mailto:sarah@freeq.love)
- Want more? Book a private tour! [calendly.com/joysarah/60min](https://calendly.com/joysarah/60min)

We can't wait to  
meet you!
