

freeQ is an LGBTQ+ virtual event and video conferencing platform— developed for queers, by queers

Queers connect on safer tech.

freeQ offers the LGBTQ+ community:

- secure video events conferencing system via licensing
- online events management, ticket sales, and tech support
- talent to host LGBTQ+ events
- community building through amazing event content and opportunities for connection

Book your next LGBTQ+ online event with freeQ!

When you invest in freeQ, you work with LGBTQ+ changemakers

Sarah Massey, freeQ co-founder

- Social justice activist with over three-decades of experience.
- Entrepreneur in media relations since 2005.
- Action Organizer known for queer dance party protests in Washington, DC.
- Responded to the Covid-19 lockdowns to connect queer community on a global, safer tech platform.

freeQ offers an LGBTQ+ privacy solution in tech

"Every top social media site is categorically unsafe for LGBTQ+ people."

-GLAAD

big tech tracks users, manipulates them, and profits off of their division.

freeQ's safer tech:

Privacy

freeQ's video conferencing and events have surveillance-free technology.

Safety

freeQ does not track or sell our users' data. No biased algorithms.

Security

freeQ is free from censorship. freeQ offers multiple layers of security features.

Community

We are LGBTQ+ owned and operated, for and by the community.

Granted 36,000 Euros! Scaleway's Growth Stage Startup Program

- freeQ wins Scaleway's Women Founders in Tech startup initiative for 2022.
- 36,000 Euros in cloud credits.
- Technical support & guidance.
- Global data centers supplied by wind power and hydroelectricity.

Our Target Partners are LGBTQ+ and Sex-Positive

- Organizations and Centers
- Professional Advocates and Workshop Leaders
- Artists, Content Creators, and Event Producers
- Ages 18 - 65, worldwide

freeQ launched in May 2020

Over 250 amazing, queer joy events with 15 LGBTQ+ leaders have been hosted on freeQ's platform

Partners

Events in spotlight

Grow Dialogue Founder

freeQ's queer joy ingredients

- Make it fun!
- Create safety and maintain it.
- Include a queer cultural or educational element.
- Invest in queer people and businesses.
- Special freeQ secret recipe to foster rainbow queer chosen family - so we all feel free to express ourselves.

Riley Lamey, freeQ co-founder

- built freeQ's cloud conferencing tech with open source
- systems engineer and administrator since 2008!
- is way too humble for this slide!

freeQ system

security features

- browser based, not an app
- ability to link emails to URLs via tokens
- ability to change URL names
- all users sign and maintain community standards agreements.
- those "kicked out" are added to a freeQ list to block future access

the future is queer

freeQ is seeking partners to join us as we grow

Do you have a LGBTQ+ event that can be conducted online? You can license the freeQ system or partner with us and sell tickets. Get in touch!

What are you up to this Pride season? freeQ can throw your online celebration, booking amazing talent!

Do you see the value in safer tech and supporting LGBTQ+ connections and want to be a financial partner? Let's make it happen!
